INDEX

Abrams, Irving R., 114
Absorption, intestinal, of vitamin A from oily and aqueous media in patients with celiac syndrome, 645
Adaptation syndrome and its clinical application, 274
Address, President, 1
  changes of members of American Academy of Pediatrics, 125
Adenotonsillectomy and poliomyelitis, 255
Adjustment in young children, program to foster, 195
Adrenal gland in health and disease (PD), 515
Advances in pediatrics (BR), 114
Age, relation of to antibody production; combined immunization against diphtheria, tetanus and pertussis in newborn infants, 333
Albright, Fuller, and Reifenstein, E. G., 573
Aldrich, C. Anderson, 109
  and Roberts, Katherine E., 195
Alexander, Hattie E., and Leidy, Grace, 277
Almklov, John R., and Hansen, A. E., 764
Amatruda, Catherine S., and Metraux, Ruth W., 870
American Academy of Pediatrics, proceedings and reports, 115, 259, 371, 515, 667
  American Board of Pediatrics, report, 378
  Areal Meeting, mid-west, 271
  By-laws, 384
  Committee on care of European children, report, 376
    on cooperation with nonmedical groups, report, 374
    on fetus and newborn, report, 375
    on geographical distribution of pediatricians, report, 376
    for improvement of child health, report to Executive Board, 119
    on legislation, report, 383
    on mothers' milk bureaus, 376
    on reorganization, preliminary, report, 383
    on rheumatic fever, report, 386
    on study of child health services, report, 381
    for study of congenital malformations, special report, 259
    on tumor registry, report, 376
  Editorial Board of PEDIATRICS, report, 385
  Executive Board, report to from Committee for improvement of child health, 119
    meeting, report of, Atlantic City, N.J., 371
  Historian, report of, 381
  nominating committee, report, 378
  Panel Discussion, 515, 680
  program committee, report, 375
  Round Table Discussion, 549
  Secretary, report of, 115
  Section on Surgery, report of first meeting, 667
  Seventeenth Annual Meeting, business session, 389
  treasurer, report of, 117
American Board of Pediatrics, 110, 867
  diplomates certified, 569
  report, 378
American Camping Association, 378
American Committee on Maternal Welfare, 383
American Heart Association, 109
American Hospital Association, 378
American medical research, past and present, studies of New York Academy of Medicine and Changing Order (BR), 253
American Public Health Association, 381
Analgesia, obstetric, and anesthesia (BR), 869
Andersen, Dorothy H., 406
Anderson, John A., 867
Anemia, sickle cell, aureomycin in staphylococcic meningitis complicating subarachnoid hemorrhage in, 764
Anesthesia, obstetric analgesia and, 869
Aneurysm of circle of Willis in newborn, rupture of, 769
Announcements, news and, 109, 258, 367, 569, 731, 866
Anomalous channel between aorta and right ventricle, 597
Anomaly, congenital, of heart, antepartum diagnosis of, 504
  congenital malformations (BR), 369
  effect of smallpox vaccination during pregnancy on incidence of congenital malformations, 456
  special report from Committee for study of congenital malformations of American Academy of Pediatrics, 259
  study of relation of congenital malformation to maternal rubella and other infections, 259
Antepartum diagnosis of congenital anomaly of heart, 504
Antibodies, comparison of streptococcal antihyaluronidase with, to other streptococcal antigens in serum of patients with rheumatic fever and acute streptococcal infection: Mucin clot prevention test. Studies in relation of hemolytic streptococcus to rheumatic fever, 482

in early infancy, production of; combined immunization against diphtheria, tetanus and pertussis in newborn infants, 20
Antibody levels, duration of. Antibody titers after booster dose. Effect of passive immunity to diphtheria on active immunization with diphtheria toxoid; Combined immunization against diphtheria, tetanus and pertussis in newborn infants, 181
production, relationship of age to; Combined immunization against diphtheria, tetanus and pertussis in newborn infants, 333
titers after booster dose. Effect of passive immunity to diphtheria on active immunization with diphtheria toxoid; Combined immunization against diphtheria, tetanus and pertussis in newborn infants. II. Duration of antibody levels, 181
Antigens, streptococcal, other, comparison of streptococcal antihyaluronidase with antibodies to, in serum of patients with rheumatic fever and acute streptococcal infection: Mucin clot prevention test. Studies in relation of hemolytic streptococcus to rheumatic fever, 482
Antihyaluronidase, streptococcal, comparison of with antibodies to other streptococcal antigens in serum of patients with rheumatic fever and acute streptococcal infection: Mucin clot prevention test. Studies in relation of hemolytic streptococcus to rheumatic fever, 482
Antitoxin and toxoid, speed of secondary immune response to tetanus toxoid with review of war reports and observations on simultaneous injection of, 64
A-O isoimmunization, congenital hemolytic disease resulting from, 813
Aorta and right ventricle, anomalous channel between, 597
Arey, James B., 258
Shuller, T., and Rosenzweig, J. L., 328
Arkansas, University of, 367
Assay, different methods of; pancreatic enzymes: normal output and comparison of, 749
Asthma, chronic, management of child with, 96
Aureomycin in staphylococcic meningitis complicating subarachnoid hemorrhage in sickle cell anemia, 764

B. mucosus capsulatus (Friedländer) meningitis; recovery of three-week-old infant treated with sulfadiazine and streptomycin, 3
Baby care from birth to birthday (BR), 114
Baldwin, Janet S., Weber, M. W., and Hall, J. W., 829
Barnett, Henry L., Fellers, F. X., Hare, K., and McNamara, Helen, 622
McNamara, Helen, Shultz, Selma, and Tompsett, R., 418
Baumgartner, Leona, 107, 249, 365, 722, 865, 866
BCG tuberculin studies; experimental and clinical investigation, 427
Beard, R. R., Miller, J. J., Jr., and Ryan, Mary Louise, 64
Benjamin Knox Rachford Lectureships, 110
Berenberg, William, 550
Berrey, Bedford H., and Helman, R. G., 504
Bierman, Jessie M., and Nyswander, Dorothy B., 359
Bigler, John A., 109
Birth, premature, adjustment of electrolytes and water following, 34
Blackwell, Elizabeth, 368
Blattner, Russell J., and Heys, Florence M., 303
Blumberg, Richard W., Ruchman, I., and Johannsmann, Ralph J., 296
Body fluids of human subjects, encephalitis: isolation and identification of virus from, 303
Bone disease, metabolic, and parathyroid glands (BR), 573
Book Reviews, 114, 253, 369, 573, 732, 868
Advances in pediatrics, 114
American medical research, past and present, studies of New York Academy of Medicine, Committee on medicine and changing order, 253
Baby care from birth to birthday, 114
Care and feeding of parents, 113
Child health services and pediatric education, 868
Clinical practice in infectious diseases, 254
Congenital malformations, 369
Developing your child's personality, 114
Diseases of nervous system, 254
Foundations of neuropsychiatry, 253
Give them chance to talk, 869
How to help your child grow up, 870
Human embryology, 369
Junior speaks up, 114
Manual of clinical therapeutics, 254
Manual of pharmacology—and its application to therapeutics and toxicology, 254
Medical writing, 732
Mental health in modern society, 113
Obstetric analgesia and anesthesia, 869
Parathyroid glands and metabolic bone disease, 573
Parent and child, 869
Pediatrics and educational needs of child, 870
Penicillin therapy, 254
Physical fitness appraisal and guidance, 370
Psychiatric research, 733
Psychopathology and education of brain-injured child, 732

Rheumatic fever, nursing care in pictures, 734
Technique of treatment for cerebral palsy child, 733
Viral and rickettsial infections of man, 868
Voluntary medical care insurance in United States, 573
We, parents, 574
Year book of pediatrics, 732
Bracken, John L., 557
Brain, psychopathology and education of brain-injured child (BR), 732
tumors in children, 839
Bridges, Thomas J., Pool, J. L., and Riley, C. M., 479
Bristol University, 571
Brodkin, Henry A., 286
Brooks, Glidden L., 866
Brown, John, Cureton, T. K., Kasch, F. W., and Moss, W. G., 370
Brown, Richard C., and Burnett, J. D., 597
Browne, J. S. L., 274
Buckley, Edward L., Danielson, W. H., and Palmer, H. D., 645
Buddingh, G. John, Dodd, Katherine, and Rapoport, S., 9
Burket, L. Clair, and György, P., 56
Burnett, John D., and Brown, R. C., 597
Business session, American Academy of Pediatrics, Seventeenth Annual Meeting, 389
Butler, Allan M., Levine, S. Z., Holt, L. E., Jr., and Weech, A. A., 114
By-laws, 384

Care and feeding of parents (BR), 113
Caronamide in pediatrics, use of, 75
Carriers, diphtheria, penicillin treatment of, 639
Celiac syndrome, intestinal absorption of vitamin A from oily and aqueous media in patients with, 645
Central nervous system, central autonomic dysfunction with defective lacrimation
I. Report of five cases, 468
II. Preliminary report of effect of neurosurgery in one case, 479
diseases of nervous system (BR), 254
Chandler, Caroline A., 562
Chemotherapy, therapeutics of tuberculosis in infancy and childhood with special reference to (RTD), 549
Child, brain-injured, psychopathology and education of (BR), 732
deafness following epidemic parotitis (mumps); report of case in, 177
developing your child's personality (BR), 114
how to help your child grow up (BR), 870
parent and (BR), 869
pediatrics and educational needs of child (BR), 870
technique of treatment for cerebral palsy child (BR), 733
with chronic asthma, management of, 96
health in Britain, 571
neurology and psychiatry, electroencephalography in, 783
services and pediatric education, 401, 868 (BR)
Childbirth, natural, commentary on, 613
Childhood, phonocardiographic differentiation of murmur of mitral insufficiency from some commonly heard adventitious sounds in childhood, 845
practical considerations of hematological problems in, and their treatment, 274
ovarian tumors in, 773
and infancy, tuberculosis in, therapeutics of with special references to chemotherapy (RTD), 549
and infant mortality: 1947, 722
Children, brain tumors in, 839
diabetic, problems of diabetics—newborn and children, 273
growing, light on, 274
Japanese, etiology of ekiri, highly fatal disease of, 9
young, program to foster adjustment in, 195
Children and infants, homologous serum hepatitis in, 651
renal clearances of sodium penicillin G, procaine penicillin G, and inulin in, 418
Children's Bureau, 379
Hospital, Washington, D.C., 569
Chipman, Sidney S., and Wegman, M. E., 241
Circle of Willis, aneurysm of, rupture of, in newborn, 769
Clifford, Stewart H., Miller, H. C., Smith, C. A., Warkany, J., Wilson, J. L., and Yannet, H., 259
Clinical practice in infectious diseases, 254
Cobb, Stanley, 253
Drinker, C. K., Folch, J., Gassner, H. S., Penfield, W., and Strecker, E. A., 733
Cobb, W. Montague, 855
Cohen, Ethel, and Herrmann, Rosalind L., 588
Cohen, Philip, Schneck, H., Dubow, E., and Cohlan, S. Q., 630
Cohlan, Sidney Q., Cohen, P., Schneck, H., and Dubow, E., 630
Committee on care of European children, report, 376
on cooperation with American Legion, 388
on cooperation with nonmedical groups, report of, 374
on fetus and newborn; report of, 375
on geographical distribution of pediatricians, report, 376
on hospitals and clinics, 388

for improvement of child health, 381
report to Executive Board, 119
on legislation, report, 383
on mental health, 388
on mothers' milk bureaus, report, 376
on reorganization, preliminary report, 383
on rheumatic fever, report, 386
on study of child health services, report, 381
for study of congenital malformations of American Academy of Pediatrics, special report of, 259
on tumor registry, report, 376
Congenital malformations (BR), 369
Craig, W. S., 730
Craig, Winchell McK., Keith, H. M., and Kernohan, J. W., 839
Crawford, Robert P., and Scott, R. B., 177
Cureton, Thomas Kirk, Kasch, F. W., Brown, J., and Moss, W. G., 370
